Karissa Austin

Karissa attended the University of California, Los Angeles and graduated in 2011. She received her bachelor's degree in Communications and a Minor in accounting as she knew business was her passion. During her time at UCLA, she was involved in the Greek system as a member of the business fraternity Delta Sigma Pi and the Panhellenic sorority Alpha Delta Pi. Karissa was also involved with the work study program where she got to work for the Alumni Association.

Starting as early as her freshman year, Karissa attended events lead by UBS, Delta Sigma Pi, and various organizations to learn how to pursue internships. She interned with various companies and organizations as she worked to discover her passions. During the summer of her junior year, Karissa applied for the Target internship and joined the Target Corporation. She has worked in various roles during her career at Target including recruiting at UCLA and serving as the campus liaison. She currently works as a store team leader for one of Target flagship stores in the Los Angeles Area.

While on campus, Karissa found the study abroad program. She lived in London for a semester after her internship and enjoyed learning about European culture. Since working for Target, she has continued her travels to many parts of the world and has enjoyed new experiences. She urges her mentees and friends to discover new adventures and continue to grow as they develop their passions.
